

Financial Regulation: Weekly Update

Matias Cabrera and Salvador Portillo

January 30, 2026

Highlights

1. ECB amends monetary policy implementation guidelines including collateral framework
2. ECB approves DLT-based Eurosystem collateral
3. EBA launches consultation on amendments to Guidelines on the systemic risk buffer (SyRB)
4. EBA updates draft RTS on resolution planning and resolution colleges' cooperation
5. FCA issues consultation on further rules for cryptoasset firms

European Union

ECB amends monetary policy implementation guidelines including collateral framework

New [provisions](#) have been introduced. These include permitting the conditional reinstatement of access for entities undergoing an open bank resolution scheme, and incorporating a climate factor to safeguard the Eurosystem against potential collateral value depreciation.

ECB approves DLT-based Eurosystem collateral

It will [accept](#) marketable assets issued in CSDs using distributed ledger technology (DLT) as eligible collateral for Eurosystem credit operations as of Mar 30, 2026.

EBA launches consultation on amendments to Guidelines on the systemic risk buffer (SyRB)

It [amends](#) guidelines on the appropriate subsets of sectoral exposures to apply the SyRB to facilitate its use to address systemic risks stemming from climate change. Deadline Apr 30, 2026.

EBA updates draft RTS on resolution planning and resolution colleges' cooperation

It seeks to simplify [resolution planning](#) and improve cross-border cooperation within colleges. The revisions reorganize resolvability assessments into seven core dimensions and reduce administrative burdens to enhance coordination during crisis events.

EBA announces the go-live of its Pillar 3 data hub

The hub [launched](#) with data submitted by large and other institutions starting Jan 26th, significantly enhances the availability, usability, and comparability of EU prudential information.

EBA publishes updated risk assessment indicators

It [clarifies](#) how risk indicators are calculated in EBA publications, enabling users and NCAs to interpret key banking figures consistently when conducting risk assessments and analyses.

ESMA signs MoU with the Reserve Bank of India (RBI)

It [aims](#) to facilitate cooperation and exchange of information for the recognition of central counterparties (CCPs) established in India and supervised by RBI.

EBA publishes report on objectives of its interest rate risk in the banking book (IRRBB)

It [provides](#) recommendations to the supervisor and institutions that should be applied according to each institution's size and risk profile. It does not introduce new regulatory requirements.

EIOPA releases its 2026 risk dashboard for institutions for occupational retirement provision

It [shows](#) a stable risk landscape for the IORP sector amidst an uncertain geopolitical environment weighing on the macroeconomic and market risk outlook.

United Kingdom

FCA issues consultation on further rules for cryptoasset firms

It [intends](#) to apply a similar approach to cryptoassets as it does in traditional finance, to ensure consumer protection and flexibility to support innovation. Deadline: Mar 12, 2026.

United States

FDIC issues final rule on signage requirements for digital deposit-taking channels and ATMs

It amends [requirements](#) clarifying how to display the official digital sign on apps and websites to ensure consumers clearly identify insured deposits.

FDIC issues statement on the establishment of an Office of Supervisory Appeals

It creates an [independent](#) Office of Supervisory Appeals, replacing the previous review committee with external officials to ensure a more autonomous and expert review of supervisory decisions.

CFTC updates 2024 large trader reporting rule and issues no action letter

It takes a [no-action position](#) regarding the compliance date for the Part 17 large trader reporting final rule. It also announces it has published modifications to the Part 17 Guidebook.
